

24 March 2025

JANNAF Community,

We are writing to inform you that the June 2025 JANNAF Meeting, originally scheduled to take place 9-13 June 2025 in Spokane, Washington, has been postponed until further notice due to the impact of travel restrictions on the ability of US Government community members to attend the meeting.

The Energetics Research Group (ERG) and JANNAF Executive Committees are diligently working in tandem to evaluate options that minimize impact to the community and provide opportunities for essential technical interchange. We encourage you to monitor both your email and JANNAF.org for updates regarding this meeting and other future JANNAF programming.

**ATTENTION:**

Program committee members, session chairs, potential authors, and presenters will receive further information in a separate message once details are known.

We thank you for your patience and understanding.

Sincerely,

Nicholas Keim  
Director, Energetics Research Group
